

# LOOKING TO STREAMLINE YOUR MOBILITY POLICY?

**LOOK NO FURTHER THAN A LA CARTE, THE LUMP SUM  
RELOCATION SOLUTION FROM AGS KHZ**

A lump sum from your company combined with 46 years of AGS KHZ relocation expertise will see your assignee settled in their new home with minimum fuss and distraction, leaving them ready to focus on work.

## WHY A LA CARTE

- **Employee satisfaction** – Making their own decisions gives your relocating employees flexibility and control over their move, thereby reducing their stress.
- **Simplified administration** – Fewer individual expenses and supplier agreements means fewer demands on your HR, procurement and accounting departments.
- **Cost control** – Upfront reimbursement of relocation expenses makes it easier to contain costs and draft budgets.

# HOW IT WORKS

## ALL A LA CARTE MOVES CONSIST OF AN ESSENTIAL REMOVAL PACKAGE PLUS A CHOICE OF A LA CARTE SERVICES

The cost of an essential removal is calculated on the volume and weight being shipped, the destination and the mode of transport – road, sea and/or air. Your assignee then adds as many A La Carte services as they need, depending on their budget and personal situation. **Services include:**
