

## QUALITY, HEALTH, SAFETY & ENVIRONMENT MOBILITAS GROUP POLICY

As a family business founded more than 50 years ago, the MOBILITAS Group maintains a long-term vision, ensuring that our Quality approach remains aligned with the Group's strategic direction, in an ever-changing global landscape. The subsidiaries of the MOBILITAS Group operate mainly in the removals, relocation, records management, as well as the conservation, restauration, digitisation and sharing of heritage works. We also regularly extend our global network to be as close as possible to our customers and offer them tailor-made services while ensuring a consistently high level of quality, in increasingly demanding and competitive markets.

In a perpetually dynamic world, what we prioritise never changes: quality, performance, innovation, well-being at work, respect for the environment and social responsibility.

Quality

**The MOBILITAS Group is committed to placing service quality at the heart of its business. With thoughtful understanding of our wide-ranging activities, we work together, to maintain and improve quality by using relevant industry standards as our benchmark.**

Health

**The MOBILITAS Group is committed to ensuring the health and welfare of all MOBILITAS employees, clients and partners, as well as any third party involved in its activities.**

Safety

**The MOBILITAS Group prioritises the safety of all its stakeholders. Every team member must ensure their own safety and the safety of those around them. Safety is everyone's business!**

Environment

**As a global company, the MOBILITAS Group has a duty to manage the impact of its activities on the environment. We also recognise that we have a role to play in communicating good environmental practices.**

Thanks to our professional, committed, and focused team, the Mobilitas Group is the best partner for your international relocation, physical and digital records management, and heritage preservation projects.
